

THE FALL OF POMPEII.

A New Site for the Big Spectacle Has Been Selected.

IT IS BETTER THAN ANY OTHER

That Had Heretofore Been Considered—The Schumacher Property at the Head of the Island Secured Without Cost—The Finance Committee Commences Work This Morning—Prospects Seem Bright.

Everything points to a grand and successful Columbian-Pompeian celebration of the coming Fourth of July in Wheeling. The movement started at the meeting at the chamber of commerce Tuesday evening looks to be a successful one, and after the addition of the "Fall of Pompeii" to the multitude of other attractions that are to be a part of the day, it is thought a great crowd from the neighboring towns will pour into the city, which together with the home people will make the day a memorable one.

Mr. George O. Smith and Manager Skiff of "Pompeii" yesterday looked at the available sites in this city for the spectacle, and it was discovered that although the old fair grounds would be a very good site for the show, they were not obtainable on account of a previous lease. The two gentlemen were then compelled to look at new locations, and among others looked at the Schumacher property on the upper end of the island, adjoining the electric railway line. Mr. Schumacher was seen by the committee and he agreed to allow the use of the grounds for "Pompeii" without cost, except that the market gardener, who has a crop planted there, shall be remunerated for the loss that will fall upon him. This the committee agreed to do, and if the scheme to have the spectacle come here goes through all right the contract for these grounds will be at once closed. Mr. Skiff said last night that the site selected is better than any of the others that have been named. The electric railway has a switch right in front of the site, and thus will be in a position to bank up as many cars as are necessary to accommodate the crowds that will want to return to the city after the performances. Mr. Skiff is sanguine of the success of the movement and thinks there isn't much doubt about the finance committee meeting with the required amount of success in the way of subscriptions for boxes.

The committee which has divided itself into three sub-committees as chronicled exclusively in yesterday's INTELLIGENCER, will commence work this morning, and the chairman, Mr. A. M. Jolly says that he thinks by Saturday evening the committee will have completed its work, and can announce authoritatively that Wheeling will see "Pompeii."

THE WORK IS STOPPED.

A Permit to Dig up the Streets for the new Water Mains Refused by the Board of Public Works.

When the city water board gave the Holly Manufacturing Company the contract for the new pumping station and the big water mains to the reservoir, it was stipulated that wherever paved streets were torn up to lay the mains the brick should be replaced to the satisfaction of the city board of public works. The contract for certain parts of the works, including the laying of thirty-inch main, were sublet by the Holly people to Hallock Bros., on the same conditions, of course, as the original contracts.

Mr. Hitchcock, secretary of the firm of Hallock Bros., applied to the board of public works for a permit to dig up North Main street so as to lay the main, but the board refused to issue it unless the firm would enter in a bond, in amount large enough to cover the cost of repaving, to lay new brick where the pavement has to be torn up.

As this was a condition entirely different from the terms of the contract, Hallock Bros. very naturally declined to bind themselves to do anything of the kind. They notified the Holly people, who at once sent a representative here, and he notified the water works trustees. It was expected that a meeting of the water board would be held yesterday to consider the matter, but the members did not get together.

The order of council requiring all repaving to be done with new brick was made long after this contract was let. It is likely, however, that the water board will comply with the new requirement, and allow the contractors an amount in excess of their bid sufficient to cover the increased cost of new brick. Meantime work on the mains is stopped till some agreement is reached.

There are many expressions by pavers and bricklayers to the effect that new brick of a different make and size from the old ones are inferior to the old bricks for repaving.

IN THE COURTS.

The Proceedings in Two Tribunals at Yesterday's Session.

Messrs. George E. Boyd and T. J. Hugas, the committee to examine the circuit court clerk's office, yesterday reported that the clerk had faithfully performed his duties. It was recommended that a bond record be procured, which the court ordered done.

The committee also recommended additional shelves for books in the vault of the clerk's office, and that a typewriter be bought. These recommendations were transmitted to the county commissioners for action, and the committee allowed \$5 each for their services.

In the case of Basil T. Bowers, assignee, vs. John C. McDowell, the answer was filed and the case continued.

In the case of Standford Bros. vs. Paige, Carey & Co., the plaintiffs expected to the ruling and filed a new affidavit and caused another attachment. The case was continued.

In the case of R. C. O'Neill vs. Kurner & Rinehart, the demurrer was sustained and the case dismissed.

Maria S. Pautsch vs. A. J. McGinley; award by arbitrator of \$75 to plaintiff confirmed.

Hannibal Forbes vs. T. G. Britt et al.; order of division of proceeds of sale.

It was ordered that Samuel Carson deliver to Landora Reed and her husband her daughter Minnie.

R. K. Friend vs. Barbara Steger et al.; order appointing a special receiver.

Vance Shoe Co. vs. Charles Kettler et al.; sale confirmed and proceeds ordered to be distributed.

In the criminal court the case of Anthony Connors and James Sutton was continued till the next term.

Mollie Boyd was called and did not appear, and her bond was declared forfeited, and an order of arrest issued.

DEATH OF MRS. DICKEY.

A Good Woman Gone to her Eternal Reward.

The large circle of friends of the family were pained yesterday afternoon to learn of the death of Mrs. Elizabeth V. Dickey, widow of the late John R. Dickey, who was the founder of the People's bank, and its cashier until his death in 1864.

Mrs. Dickey's maiden name was Elizabeth Vance, and she was a daughter of Mr. James Vance, years ago a prominent citizen of Ohio county. Her mother was a "Waddell," a member of another leading family of the county. She was a sister of Mr. J. N. Vance, of this city, and she and her sister, Miss Mary Vance, made their homes with her son, Dr. John L. Dickey. She was a member of the United Presbyterian church from girlhood up, and a woman of consistent Christian character and many qualities of mind and heart which won the esteem and regard of all who knew her. She was a member of the first board of lady managers of the children's home of Wheeling, and was active in many charities.

She leaves two sons, Dr. John L. Dickey and Mr. James V. Dickey, of the postoffice, and one daughter, Miss Mary. Rev. Dr. Charles A. Dickey, the well known Presbyterian divine of Philadelphia, is her step-son.

Her death will be felt as a personal loss by many friends, who extend the tenderest sympathy to the bereaved family. The funeral will occur at 2 o'clock Friday afternoon from her late residence, at the corner of Chapline and Twelfth streets, the interment being at the Stone Church cemetery, Elm Grove.

From Bad to Worse

A Complication of Diseases

Hood's Sarsaparilla Cures Strength Just in Time.

"I gladly testify to the following facts: I have been a very great sufferer for the last five years with troubles of the Lungs and kidneys and the worst stage of Dyspepsia.

I could scarcely eat anything because of the intense pain in my stomach. I was also at one time covered with salt rheum, and my cough weakened me so that I could scarcely walk. I had several attacks of bleeding at the lungs. My breath became so short that I was unable to work and was obliged to give up my business, which is that of a mason. I could not even walk about much. So I kept going from bad to worse. I then had an attack of the shingles, which, with all my other complaints, confined me to my room for three months and

Nearly Took Away My Life.

I had heard of Hood's Sarsaparilla as a good medicine, so I bought a bottle. When I had taken it I found it had done me some good, so I continued till I had taken three bottles. I improved so rapidly that I could walk out of doors, and have steadily gained till I am at work again and use my hammer and trowel once more.

The physicians told me five years ago that I would not live three years, and all the neighbors think it is a very strange thing to see me at work again. It is the strength given me by Hood's Sarsaparilla which enables me to do it."
